

Protecting You and Your Company

Ever wonder if other companies in your area have been visited by the Department of Labor?

Here is a great site to browse through to see what Wage and Hour litigation has come to your town or state. What you will find on this site is:

- Company Information
- # of Employees in violation
- Back Wages that were Paid
- Any Civil Monetary Fines

A Couple Words of Caution

Most of the cases you see are older(approximately 2 years) because they are settled, no pending cases are shown here though they may exist and with the same employer. Secondly, many of the cases that were brought have been settled before they get to this website.
